Overview

Super-Slim ET2011 at Less than 1" Thick Edge

The all new ASUS All-in-one PC ET2011 packs all the benefits in a Stylish PC, ultra-slim design that is less than an inch thick. Designed to replace your desktop computer, the ET2011 features quick and easy start-ups, as well as plug-and-play capabilities. The ET2011's space-saving design will clear up your workstation, saving you the mess of snaking and tangled cables. On top of that, the ET2011 can be wall-mounted, ensuring that it can be used almost anywhere.

Enhance Your Computing Experience with Multi-Touch

The ASUS All-in-one PC ET2011 ET feature the 20-inch multi-touch screen that allows for easy and accurate input through your fingers. The optical multi-touch screen is considerably better than the resistive and capacitive multi-touch screen available on the market today, delivering better performance in terms of image clarity and reliability. The optical multi-touch screen found on the ET2011ET lets you pinch- zoom or rotate images, and lets you scroll through webpage with ease.
*Available only in the Home Premium, Professional, and Ultimate editions of Windows 7.

Unprecedented Speed and Performance

The ASUS All-in-One PC ET2011 changes the way you work and play thanks to a host of technologies that deliver unprecedented levels of speed and performance. The ASUS Super Hybrid Engine Technology works in tandem with Intel® processors to enhance system performance by up to 12 percent* with just a press of a button.

Convenience in Connectivity of COM and VGA port

The All-in-one PC ET2011ET are designed for convenient connectivity, and come with a multitude of I/O ports to cater to an assortment of devices. VGA out port can connect to projector and large screen monitor for education market. COM port can easily connect to commercial device such as printer.

High Speed Connectivity

The ET2011's built-in 1.3MP webcam lets you videoconference with business associates a world away, while Gigabit Ethernet with up-to 1Gbps transfer rate. Wi-Fi 802.11n ensures that you're well-connected when you at home or in office.
